## FRANKLY SPEAKING

Hello to all my fellow NNJR members!

I hope everyone has had a chance to peruse our website to see some of the changes our new Webmaster has made to bring it up to date with modern technology. If you haven't had a chance to see the changes log on and check it out. Darrell is doing a great job here and the site will continue to improve over the coming weeks.

Your Board was disappointed with the announcement that the Runoffs would move to Topeka, Kansas in 2006. We don't believe the Board of Directors did a thorough due diligence before voting as only two facilities decided to bid [something is awry when only two tracks in the country desire to host this event, my opinion]. Traveling 1250 miles from NJ to Topeka is going to take its toll on the number of NNJR members making the trip coupled with the fact that the track needs millions of dollars of renovations to accommodate us is risky and may have the effect of diminishing the National Racing program in the Northeast.

We are at work getting ready for our Solo events and Pocono Regional. We will be accepting credit cards for payment of our entry fees at Club races this year. Terry Roberts and Ben Phillips are hard at work getting the bugs out so this runs smoothly.

We plan to send a rather large contingent of members to the Annual NEDIV Round Table to be held on March 18-20 in Rochester, NY so NNJR will be well represented.

Our monthly membership meetings at Jimmy's Haunt will resume on April 19<sup>th</sup>. I hope to see you there.

Yours for the Sport,

Frank Cioppettini

Northern New Jersey Region of the Sports Car Club of America  
Proudly Presents

## 2005 ONCE-A-YEAR TECH INSPECTION

**SUNDAY  
APRIL  
10TH  
FROM:  
12:00PM - 4:00PM**

*SCALES  
WILL  
BE  
AVAILABLE*

**WHERE:  
REINERTSEN MOTORS  
SAAB  
ROUTE 53, DENVILLE, NJ**

DRIVERS: Don't forget your Log Books and Race Cars

IMPORTANT: Bring your driver's gear and get your helmet sticker

**PHOTO ID'S WILL BE AVAILABLE FOR ADULT MEMBERS ONLY**

All members and friends are welcome to this event held especially for:

NEW or EXPERIENCED Drivers  
NEW or EXPERIENCED Race Workers and Members  
And INNOCENT Bystanders

OUR EXPERT PANEL OF RACING SPECIALTY CHIEFS WILL BE ON HAND TO ANSWER QUESTIONS  
OUR SOLO EXPERTS WILL BE ON HAND WITH INFORMATION ABOUT NNJR'S EXCITING SOLO PROGRAM

The emphasis is primarily on RACING, geared for the benefit of drivers and race-workers. **BUT**, the event is also open to  
would-be drivers, workers and new members who want to learn more about our sport and becoming involved!

Refreshments will be served

FOR MORE INFORMATION, CONTACT BILL ETHERINGTON AT 609-406-9793  
[wdether@comcast.net](mailto:wdether@comcast.net)

## Second Chance ONCE-A-YEAR TECH

**SUNDAY  
MAY 1ST FROM  
11:00AM - 3:00PM**

**WHERE:  
G&S AUTOWORKS  
11 FOUNDRY STREET  
OXFORD, NJ**

---

## The Teddy Bear Rally 2004 By John Groot

Peter Schneider put together another great Teddy Bear Rally. This event has been held annually since 1990. (and was featured in the December 2004 issue of Sport Car). The event was 1<sup>st</sup> put on as a join event between the Northern New Jersey Region and the Motorsport Club of North Jersey (MCNJ), and then during the years that the Region's rally program was inactive, MCNJ and Saturn of Morristown has kept the event alive. The entry 'fee' for the rally is very simple, a Teddy Bear. These bears are donated to the US Marines' Toys for Tots program. Twenty-seven teams brought their bears to Saturn of Morristown and representatives of the Marine Corp were there to accept them. The Rally didn't disappoint the expectations. Peter is known for this Rally. The style involves some simple but subtle route traps (some involving photos) and no gimmick type questions. Scores are based on each team's ability to stay "on-course"; 100 points are added to your score for each mile "off-course", low score wins.

Most Motorsport Club of North Jersey events are built around what are called self correcting loops. That simply means deliberate traps are set up that cause the contestants to go off course but the following instructions or a manned checkpoint will bring all the contestants back on course. There were 12 traps in this year's Rally and everyone did at least one incorrectly, and all cars finished.

The first trap on the event involved the contest's knowledge of the event's general instruction. Inst #6 was a left a STOP intersection. The 1<sup>st</sup> place that you might have executed the 'left' at a "STOP" was a No Outlet and not a valid intersection. You needed to do a *Forced Left*, and then execute the left in Inst#6. If you didn't notice you shortcut the rallye by about .80 miles and missed a manned checkpoint and received 200 additional points for missing the on-course checkpoint.

Shortly after that they encountered the 1<sup>st</sup> photo trap of the event. The photo was of the top half of a Mile Marker sign. Since the photo only showed the word "MILE", each team had to look for the small details associated with the photo's background or weathering of the sign to make sure that they turn after the correct "MILE" sign. If they saw the correct "MILE" sign (the one in the picture) they made a left on Blue Mill Road, which became Madisonville Road and eventually went straight as possible into Route 202 just north of Bernardsville. If you missed it you passed Blue Mill and turned on Route 202 itself. Everybody got back on course in Bernardsville but with a mileage penalty if you missed the correct sign.

Using tricks/trap of this nature the event traveled through sections of Morris and Hunterdon and ended in Long Valley. For a complete list and explanation of the rally route and results, please visit [www.MCNJ.org](http://www.MCNJ.org).

## Our New Webmaster

*After eight years of dedication and hard work, Paul Little is retiring from the position of Webmaster. Paul created the NNJR website out of thin air, using many innovative techniques that are common today. We thank him for his service to the club, and as we all know, he continues his role as tech inspector, a job for which he was recognized at the recent worker party.*

*We welcome our new webmaster, Darrell Anthony, whose introduction follows.*

*Let me introduce myself, my name is Darrell Anthony, many know me as just "DA." I joined the SCCA in 1985. I started flagging everything from driver's schools to TransAm to Formula One, we even flagged the first NASCAR race at the Glen, they gave you food & beer and got the best seat in the house to watch great racing, can you beat that? I also ran for the occasional Solo II, talk about fun with your clothes on! In the early 90's I was a Trustee for NNJR, I learned a lot from that experience and thoroughly enjoyed it. I was Equipment Chief for several years in the 90's, setting up races at Lime Rock, Pocono and the Meadowlands CART. The Starter bug hit for several years in the mid 90's as well. In 1996 I took a break from racing to strengthen my career, what a mistake. The events of September 11th brought me back to my SCCA family. I lost two friends on that day and gained back a great family. I began flagging again and having fun! In October of 2002 at a post race (beer) party after the NARRC Runoffs Cory VanDeWeghe, Alan VanDeWeghe and I decided to get on the other side of the windshield. We purchased a GT4 Datsun 510 and started our racing career. I completed my required schools in 2003 at Lime Rock. I attempted two regional races and successfully completed one, the transmission and I had a disagreement in one of the races. In 2004 we went racing at Pocono, Lime Rock and Watkins Glen. Even more fun if possible with nomex on! I was asked to join the NNJR Board again in 2004. I volunteered to take the reigns of the NNJR website in February 2005, Paul has done great job and I hope I can fill his shoes. What follows is anyone's guess. My ultimate goal as a driver is to race in the 24 Hours of Daytona and not get run over. To honor Joe and Linda, true American heroes of 9/11, in each race I have entered I have worn my 'Raymond the Cat' tee shirt under my nomex. We drive a 510 and not a Tiger, but Raymond doesn't mind.*

**The 61<sup>st</sup> SCCA National Convention**  
**Westin Crown Center Hotel, Kansas City, January 27<sup>th</sup> - 30<sup>th</sup>, 2005**

by Walter Huber

Ten members of the Northern New Jersey Region traveled to Kansas City, Missouri, to attend the sixty-first annual SCCA National Convention in late January. NNJ's **Bob Dowie**, a member of the Club Racing Board, arrived earlier in the week and had several meetings under his belt before more of the conventioners arrived on Wednesday. **Dave** and **Lenore Panas'** flight got there on Wednesday and **Nancy** & I drove in that evening. **RE Frank Cioppettini**, **Ass't RE Mike Feno** and **Bob Zecca** flew in on Thursday afternoon. **Terry & Peter Roberts** were there on Friday.

The Leadership Luncheon on Thursday, January 27<sup>th</sup>, was the official opening of the convention. Moderator and SCCA Archivist, **Peter Hylton** opened the luncheon by reading a note which said that the entire Board of Directors had been kidnapped. The kidnappers' note stated further that, "If our demands are not met, one director will be released every fifteen minutes."

This luncheon is the traditional opening welcome for the club's annual convention. It is here that regions are recognized for their efforts in websites, newsletters, membership growth and retention, plus the number and scope of member oriented and community spirit events which they've organized. In the NorthEast Division, **Mohawk-Hudson Region** was awarded first place for their website, and **Western New York Region** took third place. The **Glen Region** "*Sparkplug*" took first place and **Finger Lakes Region** "*Top End*" took third in the newsletter competition.

Regional Achievement Awards for the NorthEast Division were earned by **Blue Mountain Region** (1<sup>st</sup> place) and **Finger Lakes Region** (3<sup>rd</sup> place) each in their respective size category.

After a short break, the first of the working meetings of the convention got under way. This was the Annual Meeting. **Gary Pitts**, Chairman of the Board of the SCCA – and a former member of Northern New Jersey Region before his eventual move to the left coast – opened the meeting and gave his report. Retiring directors were recognized and thanked; following which the newly elected directors were installed. Reports were given by the members who head each of the competition areas and by our wholly owned subsidiaries: SCCA Pro, SCCA Foundation and SCCA Enterprises. These will be reported in more detail, as they are every year, in *SportsCar* magazine.

Following the Annual Meeting there was what has come to be known as "The Town Hall Meeting." Members may ask questions of the Board of Directors, flame them (well..., within reason and exercising propriety) or offer compliments. There were several questions regarding the recent announcement that the Runoffs® would be moving to Heartland Park in 2006. Members were interested in receiving more information regarding the transition.

Various other questions were presented, but I will only report one other. It is one that was also on my mind: In the late 1990's, the club began holding the National Convention in the home city of the club offices — earlier Denver, and more recently Kansas City which is about 60 miles from Topeka. In the mid 1990's and before, the convention moved around the country. Regions would bid on having the convention be held in a major city in that region's backyard. That made it nice to arrive several days before the convention and/or stay several days afterward and tour the area. In addition, we always enjoyed going to a new venue each year for the convention.

*Please visit our website at [www.scca-nnjr.org](http://www.scca-nnjr.org)*

The club has now held three conventions in KC and next year will be number four. Many of the members attending wanted to see the convention move around again as in the past. Several suggested that future convention cities should be located in the warmer southern states with cities such as Miami, New Orleans, San Antonio, Phoenix and San Diego being high on several lists.

The last meeting on Thursday was offered by SCCA University. Mr. **Steve McCurley**, a speaker, trainer and author of several books on the topic of volunteer management. He presented a very interesting and informative seminar at a plenary session titled “Protecting Us From Ourselves.” He discussed the benefits and negatives of member based, member run organizations. He gave a history of volunteerism in the United States. Ninety million people in the US donate four hours or more of their time each week. The value of this time is estimated to be \$266 billion. McCurley said that most organizations do not plan or properly manage volunteerism and discussed how inefficient and dangerous this can be.

In the evening everyone went across the street from the hotel to Kansas City’s historic Union Station. The main waiting room of this huge railroad station is itself immense. You could play indoor football in this waiting room. You could probably shoot off sky rockets and they mightn’t reach the ceiling. A large portion of the room had been cordoned off for our “Welcome Party.” A complete buffet was off to one side and a well-stocked bar was there for us to enjoy. Up on the mezzanine there was another buffet and another bar.

Also occupying space in the great hall waiting room was a model train display. The city fathers had invited a local model railroading club to set up some trains. Holy mackerel! – What a display! I think most of the trains were G-scale – this scale is bigger than your father’s Lionels. They had about ten transformers running trains all over the place. One of the many freight trains was made up almost entirely of hopper cars and gondolas. It had to be at least sixty feet long. There were a bunch of passenger trains running on the display also. The entire display was very nicely appointed with houses and buildings, cars and trucks, people, backgrounds and etc. SCCA members kept carrying their plates of food and their drinks from our party function to the model train display to watch with childlike fascination and to speak with the modelers operating the trains.

Friday morning began with another SCCA University offering. “Conflict Resolution and Management” was presented by **Barb Lundquist**. Given the very simple fact that SCCA is an organization based both upon our innate competitiveness and celebrating our developed skills by contesting with one another, it should be no surprise that our club also harbors conflict. Understanding, managing and resolving these conflicts is therefore important to the continued success of our organization.

Following this and continuing for the rest of the day, were a variety of seminars. Generally these seminars were organized along one of the “tracks” of the convention. There were tracks geared to regional administration, club racing, the various worker specialties, solo, rally, and competition preparation.

Friday’s luncheon began with moderator, **Peter Hylton**, announcing that the kidnappers had released the Board of Directors. Apparently, during their confinement, the BoD had begun discussion on revisions to the GCR; at which point the kidnappers offered **Steve Johnson** \$100,000 if he would come get them. The luncheon honored those who had excelled in Solo and in Rally competition during the 2004 year. Some highlights for the NorthEast Division: The Regional Achievement Award for Road Rally was shared by **New England Region**. The Arthur J. Gervais Award was shared by **Steel Cities Region** for their “*Steel Haul*” rally. In Solo, the Driver of the Year Award was given to **Tim Aro** of the Washington DC Region.

After the last of the seminars on Friday, we listened to **Lyn St. James** who spoke on her many years of experience in racing. Starting in regional racing with the SCCA in 1973, Ms St. James eventually raced in the Indy

*Please visit our website at [www.scca-nnjr.org](http://www.scca-nnjr.org)*

500 seven times. She also raced in IMSA GT competition and SCCA's Trans-Am. She raced the endurance events held at Sebring, Daytona and Le Mans.

On Saturday, the SCCA University presented the second annual Safety Symposium. Unfortunately an east coast snowstorm had caused one of the speakers to have to cancel his appearance. However, the other speakers picked up the slack and gave several informative presentations. **Arnie Kuhns**, the head of the SFI Foundation, spoke on the development of fire suppression standards. His talk highlighted various chemicals used in fire suppression systems and how they work. **Rich Shafer**, the developer of the Cool Shirt and the president of the company which markets them, spoke on the benefits of driver cooling systems, the effect of heat induced fatigue and heat stress. **Norfleet Smith** of the DuPont Corporation spoke on the development, manufacture and testing of their Nomex and similar fabrics and their use in finished products used in racing.

**Denise McCluggage** was the featured speaker at the Saturday evening banquet. Early in her career Denise was a sports columnist for the *New York Herald Tribune*, writing about motor racing competition. She raced at many venues around the world in a list of different car marques as long as your arm. She has written several books and was among the cofounders of *Competition Press* (now *Autoweek*), for which she still writes a column.

The highlight of this year's convention was the Saturday evening banquet where the inaugural class was inducted into the SCCA Hall of Fame. Ten people who were instrumental in the success of the club and its programs were inducted. Among them were several friends of Northern New Jersey Region. **John Fitch**, a Formula One factory driver for Mercedes-Benz in the 1950s, still lives in Lime Rock, Connecticut, and stops by the track frequently during SCCA events to greet his many friends. **Harry Handley** was an early rallyist with the club. A "collector" of the first order, Harry saved many of the club's earliest records when the offices moved from Westport. He was a prodigious reader and had an amazing memory for facts and trivia. For many years he was the club's archivist. **Sue Roethel** has been active at all levels of SCCA activity. A member of the Washington DC Region, she has also served at the divisional level and was on staff at national. For many years she was Chief Steward of the Runoffs®. She is still active as a member of the SCCA Court of Appeals. **Art Trier** was Chairman of the Solo Events Board in the early 1980's. Art wrote many of the rules and procedures which still define the Solo program today. While living on Long Island and a member of the New York Region, Art was also a member of NNJR and always competed in our events. He tells me that he enjoyed competing with NNJR because our Solo program was well managed and run, and also because he wasn't administratively involved and could have more fun. Art & his wife, **Naomi**, now live in Florida. You can read more about these four friends of NNJR and also about the remaining six inductees when the next *SportsCar* magazine comes out.

Also featured at the Saturday evening banquet were the presentation of several of the SCCA's highest awards. Among them is the Woolf Barnato Award, SCCA's highest honor. It is presented to the member who has made the most outstanding contribution to the club and its competition programs. This year's recipient was the Area I immediate past National Director, **Kathy Barnes**. Kathy continues her service to the SCCA by now serving as Regional Executive of the New England Region.

These are just some of the highlights of the national convention. The next issue of *SportsCar* will have a complete convention report. The annual National Convention has always been an enjoyable and informative event. Within the last several years, though, the addition of the SCCA University classes and the presentation of the annual Safety Symposium sponsored by the SCCA Foundation have made the SCCA national conventions an even more enjoyable, dynamic and fulfilling experience.

# The 2005 Northern New Jersey Region Road Racing Championship for the Victoria Cup

**Eligibility:** In order for a Competitor to be eligible to earn points and compete for the Championship he/she shall be a member of NNJR, enter and compete in all three NNJR Regional Races in 2005 [Double Regional at Pocono on 5/14-15 and the Regional at Lime Rock on 8/5-6]. A driver shall be classified as a starter or have qualified in each of the three races to be considered eligible for the championship. Failure to be a starter or to qualify for each race will render a competitor ineligible for the Championship. All employees, owners, agents of Victoria Motorsports are ineligible for points towards the Championship. NNJR will tally all points and it is not necessary for a competitor to register or forward results sheets. All drivers will be considered for the Championship by virtue of entering the first race at Pocono on 5/15/2005. The Champion and other prize winners will be the Drivers who satisfy the aforementioned criteria, accumulates the most points and attends the NNJR Annual Dinner and Awards Banquet. In the event the Drivers with the highest accumulated points meeting the aforementioned eligibility criteria does not attend the Banquet then the championship trophy and prize money will be awarded to the Drivers in attendance with the most accumulated points meeting the eligibility criteria.

**Points:** Each competitor that finishes pursuant to the Official final results will be awarded points as follows:

1 <sup>st</sup> place	30 points	10 <sup>th</sup> place	16 points	18 <sup>th</sup> place	8 points
2 <sup>nd</sup> place	27 points	11 <sup>th</sup> place	15 points	19 <sup>th</sup> place	7 points
3 <sup>rd</sup> place	25 points	12 <sup>th</sup> place	14 points	20 <sup>th</sup> place	6 points
4 <sup>th</sup> place	23 points	13 <sup>th</sup> place	13 points	21 <sup>st</sup> place	5 points
5 <sup>th</sup> place	21 points	14 <sup>th</sup> place	12 points	22 <sup>nd</sup> place	4 points
6 <sup>th</sup> place	20 points	15 <sup>th</sup> place	11 points	23 <sup>rd</sup> place	3 points
7 <sup>th</sup> place	19 points	16 <sup>th</sup> place	10 points	24 <sup>th</sup> place	2 points
8 <sup>th</sup> place	18 points	17 <sup>th</sup> place	9 points	25 <sup>th</sup> place	1 point
9 <sup>th</sup> place	17 points				

In addition, one additional point will be awarded for each car a competitor finishes ahead of, including cars that are classified as DNF's, (i.e. if a competitor finishes 3<sup>rd</sup> in class and there were 9 cars in his/her class the driver will receive 31 total points for that race regardless of whether all 9 cars are eligible to compete for the Championship).

In the event of a tie the winners shall be decided based upon the number of first place finishes in class, then if necessary, the number of second place finishes in class, etc.

**Judges:** The NNJR Club Racing Committee shall act as the judge for this Championship and shall decide all matters including ties and disputes in their sole discretion.

1<sup>st</sup> place prize — Victoria Cup Trophy and \$200.00

2<sup>nd</sup> place prize — \$100.00

3<sup>rd</sup> place prize — \$50.00

### Attention Members!

Please submit any photos you would like to appear on our website to [Darrell@NeedMoreRacing.com](mailto:Darrell@NeedMoreRacing.com).

Photos must be in JPG format and 600px wide maximum so that my e-mail box does not explode.

I would also like to do a Team page that shows NNJR members race teams with some history and photos of their cars, with sponsorship displayed. If teams would please send me a quick bio and pictures for the Team page, it would be greatly appreciated.

Thanks,

Darrell
